

LUFFIN NEWS – JULY 2007

It is great seeing so many of our members taking advantage of our great facilities and wonderful lake. Please remember to respect the property as if it was your own. We all have an interest to keep the grounds, pier and buildings in good order. That means do not dock your boat on the pier for extended periods of time unattended. This prevents use by active members for overnight sleepovers. I am bringing your attention to this matter due to the recent damage to the pier as a result of a member's boat being tied to the pier for several weeks and a severe thunderstorm beating his boat against the pier resulting in the pier being skewed now to one side, plus not to mention the damage to his boat. The moorings are much safer for a boat to weather any heavy weather and it leaves the pier free of damage and available for daily usage.

Come enjoy the great Shrimperoo this Saturday!
